Feb. 19- BB home game, Immanuel, Mankato,
4:30pm "B", 5:30pm "A"

Feb. 21- ILS serves Lenten supper

Feb. 23- ILS has School-Parents bring students

Mar. 2- NO PreK-4 class

Mar. 5- Spring LifeTouch pictures

March 11-Open House at school

Chapel

The month of February is designated for Hearts for Jesus. Our offering will go to Lutheran Special Education Ministries. This ministry helps students with learning disabilities be able to learn in special Lutheran schools. One of the students is from Hamburg and the other is from Cologne. Let's show our love by contributing to this mission project. We have only two more Wednesdays. This week's offering was \$28.07 making a grand total of \$41.05.

Announcements

FRIDAY, FEB. 23: Sibley East will not have school on this day. However, ILS will be in session that day. This means that there will be **no bus service** and parents will have to provide transportation.

LENTEN SUPPER: A form was attached last week about items needed for the supper as well as the times we need workers. Please check the form to see how you can help. Turn in the form before Feb. 19th. Thank you for the much needed support.

We are still looking for HELP!

PIZZA SALES: Forms will be sent home for this fundraiser on Tues., Feb. 20th.

Classroom News

Miss Schuft's News - PreK 3 & Toddlers

We've been learning all about the letter "L" and its sound. This is a difficult sound for most of us in preschool when using it in words. I have them watch my mouth when using the word. Please work on enunciation at home. The Bible lesson this week teaches us that lots of things we think are very important, such as keeping the house clean for visitors, are things that can always wait. God's Word is most important of all and everything else pales in comparison. Mary and Martha were two sisters in the Bible. Mary listened as their guest, Jesus, spoke about God's Word. Martha, on the other hand, decided she needed to cook and clean for their guest. This also teaches us that we don't get to heaven by doing good deeds, but through Jesus Christ, our Savior.

Growing in Christ, Angie and Andrea

Mrs. Bernau's News - PreK-4

This was a fun week. On Monday we celebrated 100 days by counting pennies up to 100 and we did 5 sets of 20 jumping jacks. We have fun learning in simple ways.

This week our Bible story was about Mary and Martha and the peace that Mary had by sitting at the feet of Jesus and listening to His Word. My prayer for all of us is that we can all sit at the foot of the cross and listen to the teaching of our Lord. Thank you to the 6th graders who traced all the bodies in our classroom. We are beginning a unit to learn how fearfully and wonderfully God makes us. Our letter for the week was "Qq". One of our volunteers came into the room and shared the quilts she made and we learned that each square tells a story in some way. Seeking God with our hearts, souls, and minds,
Mrs. Bernau

Mrs. Heine's News - Kindergarten

The kindergarten children have enjoyed learning to read and write new words again this week including to, from, love, and you for our special Valentines to our parents. We have been singing numerous songs about God's love and are working on a special booklet about God's love. We are also working on papers that show what we love about our school. What an extra special week we've had discussing the many facets of God's love, and how we love each other. Bible stories have centered on how Jesus showed love to the people He was helping. We had more work with money for math and words with 2 letter phonograms "oo, ow, er in them.

In Christ, Mrs. Heine

Miss Goltermann's News - Gr. 1-2

Our week has gone by fast! More than once the students have commented on how fast the day came to an end. They were surprised that it was 3pm and time to go home. In any case, we had a great week. We are concluding our study on the prophets. We will take a test next week and then begin our New Testament studies on the ministry of Jesus. Our writing focus is learning how to include details in our writing. We are also working on using our imagination to help us develop ideas for writing. The first graders are using THE STORE to work on double digit addition. The second graders are working on numbers greater than 100 by using base ten blocks. In reading we are learning about long and short vowels, double consonant endings, contractions..... oh my! We finally started our magnet unit and will be experimenting with magnets next week. I was fortunate to attend a workshop on Thursday to learn more methods to work with various behaviors in the classroom. I was able to review some things already in practice and to bring back some new methods to try. Blessings on your week, Miss Goltermann

Mrs. King- Gr. 3-4

We love because He first loved us! 1 John 4:19 A perfect verse to remember this week as we celebrated Valentine's Day this year on Ash Wednesday, the

beginning of the Lenten Season. We remember that it was God's love for us that He sent His Son to live and die for us. Pastor King talked with us about the tradition of giving something up for Lent and maybe this year, trying to add something positive to our lives that in the 40 days Lent would become a good habit. Think about what you could do: prayer before starting your day, a devotion before bed, or maybe just remembering your chapel offering each week; nothing complicated but a new good habit. Thank you to our ILS school board for allowing Miss Goltermann and me to attend an educational conference on Thursday. We plan to use the new things we learned to better our classrooms and the behavior of our students. Thank you also to Mrs. Zumhofe and Mrs. Bernau who covered my class. Saturday is the basketball tournament and Monday is the last home game. It has been a real treat to see all the students play and grow this year. I am extremely proud of the 4th graders who stepped up and accepted the challenge of play this year. Way to GO EAGLES!!

In Christ, Mrs. King

Mrs. Scharf- Gr. 5-8

Both literature classes started new books this week. The 6th graders are reading The Castle in the Attic. It's a fantasy book that takes place long ago when knights and castles were a way of life. This means they are learning vocabulary words like portcullis, buttery, and allure...all parts of a castle. The 7-8th graders started Running Out of Time. This fantasy/adventure also takes place mostly in the past, but not as far back-the 1840's. History this week for the 5-6th graders seems like "just yesterday" for me: the Vietnam War, Presidents Kennedy, Johnson, Nixon, Carter, Reagan, and George H.W. Bush. The 7-8th grade history lessons now are all about France, including the French Revolution and Napoleon. I showed a small portion of the movie Les Miserables to give them a taste of the horrors of war. I assured them that the people in the movie clip were NOT hurt, but that this is pretty realistic—and sad! We are going to be at the foot of the cross for the next weeks. Jesus' death was also horrible, but necessary for us to be saved!

Keeping Jesus at the center, Mrs. Scharf

Mrs. Zumhofe- Gr. 5-8

The love shown on Valentine's Day was awesome! Thanks for all the sweet treats! Key words for this week in Reading 5: "From Bees to Honey" was such an interesting article! In Science 5/6: Space and Galaxies! In Science 7/8: Forests and Forestry. Algebra 8: Slope—Intercept Method of Graphing. Math 7: Fractional Part of a Number, and Area of Complex Figures. Have a blessed Lenten season! Mrs. Zumhofe
