**Announcements**

**Track Meet-** Parents are responsible for getting the students to the track meet in Hutchinson next Friday. They should be there by 8:35. Devotions are at 8:45am. Kindergarten students will be done with their events at 10:30. The track meet is usually done by 1:30. If you are having trouble finding a way to get your child to the meet, please call the school or other parents to make arrangements.

**Summer School** - Immanuel is pleased to offer three different summer school options this year. Fliers were sent home last week. Please return it to school ASAP so that planning can take place to accommodate all who would like to participate. We would like to have a reply by Friday, May 11<sup>th</sup>. There will be a treat for those who return forms by this date. If you would like to participate after May 11<sup>th</sup>, please see Mrs. King with your form to ensure there is space.

**Vacation Bible School** - We hope that your children will be able to attend VBS from June 10<sup>th</sup>-14<sup>th</sup>, 6-8pm at Immanuel Church. This program is for ages 3-10 years old. Call the church office (237-2380) and register by May 13<sup>th</sup>.

**L.C.E.F. Stamp Club News**

Only 2 more Wednesdays for Stamp Club this school year! Notes have been sent home letting you know how many stamps are needed to fill out their collection sheets. We will continue next school year where we left off. Remember to send in their grades to receive more dollars for their accounts.

## Classroom News

### Miss Schuft's News: PreK 3 & Toddlers

This week we've been learning about how the Holy Spirit made a new life for Paul and for each one of us. This is possible because of our Savior, Jesus Christ. The Holy Spirit works in us to be kind and loving to everyone. We've been learning all about the letter "X" and its sound. There aren't many words that begin with an "X" so we found lots with an "X" in the word. Opposites were something we learned about, too. It took lots of examples to begin to understand, so practice at home will help, too.

Growing in Christ,  
Angie & Andrea

### Mrs. Bernau's News: PreK-4

God has created in us a need for Him. In the story of Phillip and the Ethiopian Eunuch, the desire to hear God's Word was evident. We need to see that God has called each one of us to tell the story. Simply put: "Know the story, tell the story." Each of our children loves Jesus. Thank you for this past year so that they know the story and can share the story with others. With Mother's Day this Sunday, I had the children explain what their mother does. Some of the responses I received were: loving, helping, caring, and sharing. The children are learning what a descriptive word is. We made a poem for our moms out of the words. We worked on putting numbers in order and doing some estimating in jars, too. We have enjoyed playing with a STEM kit from the library. It is about what they can build that would create a chain reaction.

Serving the risen Lord and sharing His love,  
Mrs. Bernau

### Mrs. Heine's News: Kindergarten

The kindergarten children enjoyed the presentation by Madison Krueger, the dairy princess and Murdock's sister, on Wednesday morning. They learned many things about dairy farms and dairy products. Thank you, Madison, and thank you for the "goodies" you gave us, also. The class is doing well with their spelling words and spelling sentences. Parents, please ask them about: The quick brown fox jumps over the lazy dog. They are reading their science workbooks about seasons and how God made all things "to be ordered" and a "time for everything" as Ecclesiastes, Daniel and Genesis all teach us. Counting by 5's has come in handy, not only for counting money with nickels, but also with telling time.

In His Service,  
Mrs. Heine

### Miss Goltermann's News: Gr. 1-2

We have had a big week taking achievement tests. We found that some tests were easy while others were hard. I'm sure that everyone did his/her best! We also have been busy learning about synonyms and antonyms and learning new addition and multiplication (gr.2) facts this week. We have completed our look at the miracles of Jesus and will end the year learning about the ministry and teaching of Jesus. Blessings on your week! Remember to worship with your family!

In Christ,  
Miss Goltermann

### Mrs. King's News: Gr. 3-4

What hard workers we have seen this week! We completed our testing in 4 days and the students feel as if they did pretty well. We are looking forward to watching the softball tournament next Wednesday and participating in Track and Field next Friday. Thank you to students and the ILS school board for thinking of us during Teacher Appreciation Week. I love my job and all my kids at ILS. Enjoy the beautiful weather, God's spring creations, and all mothers this weekend.

Blessings,  
Mrs. King

### Mrs. Scharf: Gr.5-8

The weather and the students could not have been better this year at Camp Omega!! ☺ We made shelters and pop bottle rockets. We threw hatchets and shot arrows (at targets!). We canoed and no one went overboard. Many climbed the rock wall—some made it to the top. We cleaned up the camp trails and fire pits. After full days outside in God's wonderful creation, we had devotion by the lake and headed for bed. The students were cooperative here, too. (Yea...I got sleep!) This week has been busy with testing. Of course, I don't know the results, but I witnessed intense concentration during the tests! Thank you, School Board, for all the surprises daily during Teacher Appreciation Week.

Keeping Jesus at the center,  
Mrs. Scharf

### Mrs. Zumhofe: Gr. 5-8

Here's a brief look at our week – in Algebra 8: Advanced Trinomial Factoring. Math 7: Slope and Equations with Exponents. Reading 5: "In the Days of King Adobe" including vocabulary studies. Science 5/6: Testing on Ch. 5: "Exploring Space" and our Christian view of the origin of the Universe. Science 7/8: Nervous System. It's hard to believe that we have only 2 weeks of school left! We have lots of learning to do yet, so let's stay focused!

In His Service,  
Mrs. Zumhofe
